

# Getting Started with CCCTC Product Solutions in 3 Easy Steps

The California Community Colleges Chancellor's Office (CCCCO) and the California Community Colleges Technology Center (CCCTC) have teamed up to provide California Community Colleges (CCC) with a suite of no-cost software solutions geared toward improving student outcomes, increasing college efficiency, and strengthening the CCC as a whole. Deployment services are included.

## 1 - Learn about the solutions available to my college:

Read the information below to learn about all of the product solutions provided by the CCCCCO and CCCTC at no cost to the college, including deployment services. Visit [www.ccctechcenter.org](http://www.ccctechcenter.org) to learn more.

## 2 - Contact your College Relationship Manager (CRM) to get started:

Your CCCTC College Relationship Manager (CRM) will help you learn more, and get you started. If you do not know your CRM, simply send an email to [crms@ccctechcenter.org](mailto:crms@ccctechcenter.org) to get acquainted.

CRM's Name: \_\_\_\_\_

CRM's Email/Phone: \_\_\_\_\_

## 3 - Begin to sketch out your college's product adoption plan:

Working with your CRM, use the following table to map out your college's desired "**START** of deployment", and "**GO LIVE**" timeframes for each product solution.

Product Solution	Product Overview	Prerequisite	CONTACT FOR ADOPTION (NAME / DEPT)	ADOPTION PLANNING					ALREADY IN USE
				WINTER	SPRING	SUMMER	FALL	NEXT YEAR	
<b>Accessibility Center</b>	Technical assistance, training, and resources specific to assistive technology, alternate media, and web accessibility topics to help colleges identify and <u>improve access for individuals with disabilities</u> .	<ul style="list-style-type: none"> <li>None</li> </ul>							
<b>Career Coach</b>	Provides students with <u>career, salary, and employment data, and recommends college programs</u> for careers.	<ul style="list-style-type: none"> <li>SSO Proxy</li> <li>CCC MyPath</li> </ul>							
<b>CCCApply Standard Application</b>	Application for non-international students to <u>apply for California Community Colleges</u> .	<ul style="list-style-type: none"> <li>SSO Proxy</li> <li>OpenCCC</li> </ul>							
<b>CCCApply California College Promise Grant</b>	Digital version of the <u>California College Promise Grant</u> (formerly BOG Fee Waiver). Includes assistance for the purchase of books and supplies.	<ul style="list-style-type: none"> <li>CCCApply</li> </ul>							
<b>CCCApply International Application</b>	<u>Application for international students</u> to apply for California Community Colleges using CCCApply.	<ul style="list-style-type: none"> <li>CCCApply</li> </ul>							
<b>CCC MyPath</b>	Customizable <u>Guided Pathways onboarding system</u> which provides dynamic onboarding and guidance experience based on student-provided information. Provides various student services, such as Financial Aid and Online Orientation, and access to placement data, and will become the launching pad for most CCCTC products.	<ul style="list-style-type: none"> <li>SSO Proxy</li> </ul>							
<b>eTranscript California</b>	Supports the requesting and delivery of <u>electronic transcripts</u> across all of California's postsecondary systems. Visit <a href="https://cccedplan.org/etranscripts/edexchange">https://cccedplan.org/etranscripts/edexchange</a> .	<ul style="list-style-type: none"> <li>EdExchange (pesc.org)</li> <li>SuperGlue</li> </ul>							
<b>InCommon Federation</b>	Provides a trust fabric for higher education, their vendors, and partners to <u>facilitate single sign-on</u> from local campus accounts. Chancellor's Office and the CCCTC have facilitated InCommon memberships for all California community colleges to be paid centrally.	<ul style="list-style-type: none"> <li>SSO Proxy</li> </ul>							
<b>Library Services Platform</b>	Working with the Council of Chief Librarians, California Community Colleges (CCL), this is a new <u>cloud-based library</u> management system for use by all CCC libraries, and replaces existing college/district stand-alone systems.	<ul style="list-style-type: none"> <li>None</li> </ul>							

<b>Multiple Measures Placement Service (MMPS)</b>	Facilitates collection of high school transcript data and delivery of <a href="#">AB 705 compliant placement recommendation</a> (self reported data from CCCApply, verified data from CCGI or CALPASS).	<ul style="list-style-type: none"> <li>• SuperGlue</li> <li>• CCCApply</li> <li>• CCC MyPath</li> </ul>							
<b>OpenCCC</b>	<a href="#">Student account system</a> which provides administrative access for OpenCCC student applications, and streamlines the admissions process.	<ul style="list-style-type: none"> <li>• SSO Proxy</li> </ul>							
<b>Information Security Center</b>	The Information Security Center <a href="#">proactively assesses the information security needs of the community colleges</a> , and offers services to CCC campuses designed to maintain the integrity of information systems, including vulnerability assessment scanning, server monitoring and security awareness training.	<ul style="list-style-type: none"> <li>• None</li> </ul>							
<b>SSO Proxy</b> <i>"Authentication"</i>	California Community Colleges <a href="#">Single Sign-on Federation (SSO)</a> <i>"Authentication"</i> is the process of verifying a student or staff member at a college using the SSO Proxy. Provides users single sign-on convenience and privacy protection.	<ul style="list-style-type: none"> <li>• District level IdP for staff and student accounts</li> </ul>							
<b>Starfish Enterprise Success Platform - by Hobsons</b>	Hobsons Starfish combines <a href="#">Degree Planner and Early Alert retention tools</a> . Degree Planner builds a multi-year plan based on college/district information; Early Alert/Connect allows faculty and staff to track students, engage students, and assists with appointment scheduling and wait-room kiosk.	<ul style="list-style-type: none"> <li>• CCCID</li> <li>• SSO Proxy</li> </ul>							
<b>SuperGlue</b> <i>(formerly "Project Glue")</i>	Provides a secure, robust <a href="#">framework for data exchange</a> between Chancellor's office products and colleges. The College Adapter is installed locally behind a college's firewall to facilitate data exchange between CCCTC products and college's Student Information Systems (SIS). SuperGlue enables disparate SISs to communicate in a standardized way through a cloud service, and provides a single point of reference for which systems are considered "systems of record" for specified data elements and data exchange interactions. Keeps college data synced with CCCTC centralized applications like CCCApply, and OpenCCC, etc.	<ul style="list-style-type: none"> <li>• SSO Proxy supplied CCCID as required by product</li> </ul>							
<b>Unlimited SSL Certificates</b>	<a href="#">Secure Socket Layer Certificates</a> . Available for no charge as part of InCommon Membership.	<ul style="list-style-type: none"> <li>• InCommon Federation</li> </ul>
